¹Typical Business hour speeds are based on the download speed test results of existing customers between 9:00 am - 5:00 pm and are subject to change. Actual speeds may be lower due to many factors including your network configuration, the location and type of content, the number of users simultaneously accessing the network, and the performance of third-party interconnection infrastructure that Superloop does not monitor or maintain. Wi-Fi connected devices may have slower speeds than Ethernet connected devices. We will inform FTTB, FTTN and FTTC customers of their actual download speed once connected, and you will have the option to downgrade to a lower speed plan without penalties. 250/100, 500/50, 500/200. 750/50, 1000/100, 1000/400, 2000/100, 2000/200, 2000/500 nbn plans are only available at FTTP and limited HFC technology locations. WIFI connected devices may have slower speeds than Ethernet connected devices.

²The speed tier figures in our advertising represent the maximum possible speeds available during off-peak periods. Please visit the ACCC website for further information on plan names (Standard, Standard Plus, and Premium) and what they mean at: [accc.gov.au/consumers/internet-landline-services/broadband-speeds](https://www.accc.gov.au/consumers/internet-landline-services/broadband-speeds)

³ This is a new NBN service and we do not yet have sufficient performance data to calculate the Typical Business Hour Speeds. Once sufficient data is available, we will update this information on our website. Hyperspeed nbn available from 19.09.2025.

Minimum Contract Term

Optional Unlimited Phone Call Pack: No Lock-in

Cancellation Fee (24-month contract term)

A Cancellation Fee will apply if you cancel your Broadband service within the minimum contract term. The Cancellation Fee is calculated as: Remaining months in the contract term x the monthly charge x 30%.

Mandatory Component of the Service

There are no mandatory components of the Superloop Totalbiz on Business nbn™ service. For FTTN and FTTC connections, an in-place copper telephone line will be required from the nbn™ node to your premises, and for FTTB connections, from the MDF in your building basement. Superloop Totalbiz Business nbn™ services are supplied as pure standalone broadband service including a VoIP Direct In Dial Number (DID) so you can either port your current phone number to Superloop (if you have one) or we can assign you a new one.

Critical Information Summary

Superloop Internet on Totalbiz plans on Business nbn® Services

This VoIP service can be used to make and receive phone calls over your Superloop broadband service. Call charges apply. If you cancel your Superloop Totalbiz nbn™ Broadband service, access to your VoIP service will be cancelled also.

Customer Equipment Required

A compatible router at your premises. You can choose to supply and manage your own router or request a modem from Superloop subject to the Modem Payout Fee (See Information about Pricing below).

Installation Appointment

If you are on nbn® FTTN/C footprint and eligible to upgrade to nbn Fibre to the Premises (FTTP) with a plan, additional work will be required to install new nbn equipment inside and outside your site to complete the upgrade. Superloop will schedule an Installation Appointment with you, where a nbn technician will arrive to install the nbn equipment inside and outside your site. You, or an authorised person over the age of 18, will need to be present during the Installation to give access to your site.

Limitations/Qualifications for the Service

Superloop Totalbiz nbn™ Broadband may not be available in all areas or premises. There may be technical or commercial reasons that affect our ability to connect a service at your address. Please visit the Superloop website to check your service availability or contact our Sales Team on 1800 578 737. Customer Service Guarantee does not apply to VoIP Phone or nbn™ services.

Not all FTTN, FTTB, HFC or FTTC access lines support all speed tiers. Superloop cannot confirm your maximum access line speed until after your service has been installed. Once your service is installed and activated, your maximum access line speed will be tested. If your line does not support your chosen speed tier, we will inform you and offer to move you to a lower speed tier and refund any extra money you have paid for the higher speed tier.

Service Level

The service comes with a commitment to answer calls within 5 minutes. This applies for calls made directly into the dedicated prioritised business team on 1800 578 737, 8:30am to 7:00pm AEST Monday to Friday in normal conditions. Exclusions apply for unforeseen circumstances. Customers may request a one-time \$10 credit if this wait time is exceeded. A best-efforts Service Level applies for fault resolution.

Information about Pricing

Free Activation

Where advertised as free, the Superloop broadband plan activation fee only is free. Depending on the service ordered, there may be additional up-front charges which are not free and will be charged as per our Terms and Conditions. These charges include, but are not limited to, charges such as New Development Fees, Subsequent installation fees, Equipment Charges such as Modems, and Missed Appointment Fees.

Cancelling Your Plan

You may cancel your service at any time by giving Superloop thirty (30) days' written notice, (including if you do not wish to continue to use the service after the end of the minimum term of a Fixed-Term Agreement).

Existing Customer Plan Charges

The 24-month contract monthly plan prices are only available to new Superloop customers or existing customers who are not in a Fixed-Term Agreement. Plan pricing for existing Superloop customers who are in a Fixed-Term Agreement who wish to change Totalbiz plans are the No Lock-In monthly plan rates unless terminating the existing contract and entering into a new Fixed-Term Agreement, where a Cancellation Fee may then apply.

Plan Change Fees

If you are in a Fixed-Term Agreement, you may be charged a Cancellation Fee if you downgrade or change your plan during your fixed term agreement.

Card Surcharge

A 1% surcharge applies to all payments by card. You can pay by Direct Debit from your bank to avoid this charge.

Failed Payment Fee

A failed payment fee of \$10 will be applied if payment is not made by the due date. If the failed payment fee is not paid after being notified, Superloop may suspend or restrict your Totalbiz Service(s).

Optional add-on: Unlimited VoIP phone calls

This optional, add-on service allows you to make an unlimited number of untimed calls to the nominated destinations which is covered by the \$10 monthly cost of the Unlimited VoIP Phone (VoIP) Service. This cost is in addition to your broadband service. There is no activation fee for the optional Unlimited Phone service. Plan details are below:
